

KCC Coach and Official Bursary – Guidance Notes Effective from 1 April 2020

What is it?

The KCC Coach and Official Bursary provides funding for coach/official development. It seeks to increase the quantity and quality of coaches and officials in Kent, and therefore assist the development of sport and physical activity in the county.

Who is eligible?

Applications are welcomed from clubs, organisations and National Governing Body (NGB) representatives to nominate individual coaches or officials, where it can be demonstrated that supporting the individual will contribute to the overall development of sport and physical activity within Kent or enable individuals from specific target groups to access more sport and physical activity opportunities.

Applicants should live or coach/officiate within the Kent County Council & Medway Council boundaries (**London Boroughs are not included**).

What will bursaries be awarded for?

Bursaries will be made towards the cost of development opportunities for qualified or unqualified coaches or officials. This could include:

- NGB qualifications or awards
- VRQ / NVQ or other qualifications
- Tutor training
- Mentor training
- Conferences
- Workshops
- Courses
- Distance learning

Bursaries will not be awarded for:

- Any training undertaken prior to the deadline date of applications
- Travel and accommodation costs associated with the development opportunity
- Professional Development opportunities undertaken by employed coachesⁱⁱ

How much can you apply for and how often can you apply?

Awards are generally **up to 50%** towards the cost of the development opportunity so other contributions should be considered. Applications are limited to **3 individual or 1 group per club/organisation or 1 groupⁱⁱⁱ** during a 12 month period.

How will the bursary applications be prioritised?

Kent Sport and Physical Activity Service will prioritise applications that can demonstrate a commitment to tackling inactivity and/or growing and sustaining sports participation e.g. the equivalent of entry level, Level 1 or Level 2. We are no longer able to prioritise applications that focus on talent development and high-performance coaching/officiating e.g. the equivalent of Level 3 and above.

A number of under-represented groups have been identified nationally and locally because they are not regularly accessing sport and physical activity opportunities. We would **welcome and encourage** applications that engage coaches/officials and/or participants from the following target groups/populations; *Low socio-economic backgrounds, Disability, females or inactive individuals.*

The Development Opportunity

This is where you provide details of the opportunity. You should list the name of the coaching or officiating qualification, the conference or other training opportunity and the dates of when the opportunity is taking place.

Demonstrating Impact

This is the **most important section** of the application, in order to justify funding awards Kent Sport must be able to demonstrate the impact bursaries can make to sport and physical activity across the county. Please provide as much information as you can for each heading.

Coach/Official

What is the individual benefit to the person undertaking the course? Consider wider implications for their physical and mental wellbeing as well as skill development and individual achievement.

The participants

What difference will it make to the participant experience as well as their physical, emotional and skill development within the club/organisation?

The club/organisation and local community

Can you increase your offer to participants, either increasing numbers or hours of activity? Consider how this contributes to your future club development and wider links to the local community.

The sport/activity

How will this bursary contribute the development of the sport or activity the individual is accessing training in? Is there a way to share the learning across your sport with other clubs/organisations?

If your application meets any of the specified target groups be clear to highlight this in the **demonstrating impact section.**

Financial Details

Provide details of all the financial information relating to the development opportunity.

The **total bursary requested** is what you are asking from the KCC Coach and Officials Bursary (this is usually up to 50%).

The **additional contribution box** should show how you are planning to make up the difference as the bursary does not cover the full cost of the development opportunity. It may be the individual/club or other sources contributing towards the cost.

Declaration

This should be signed by the nominator (club/organisation) who confirms that they have permission to share the contact details of all those listed on the application.
